DISCLAIMER: Due to the vintage mineral wash treatment, it is quintessential to see pattern differences as well as color variances between every garment. Because the fabric is reduced in the mineral wash process, it is normal to see variations between garments color and thickness.

A galore of the most versatile range of colors, our tie dye short sleeve tees make a great statement piece. The 100% cotton fabric makes the tees durable, soft and breathable.

SOCIAL RESPONSIBILITY

At Zuni Sportswear our factories are

SAFE:

We provide a safe and comfortable work environment, which exceeds globally recognized standards. As a family company, we strive to ensure that every facility we own, no matter it's geographical location, is held to the same standards of health and safety regulation.

GREEN:

Zuni has a passion not just for beautiful garments, but also a beautiful and sustainable environment. We are committed to the use of renewable energy as well as a prevention of pollution at all of our facilities. Recycling and reuse of raw materials allows us to not only waste less, but cut cost even more for our customers.

ETHICAL:

Our factories support their workers by paying a living wage, far above required minimums in certain locations. Being against discrimination is more than just a credo at Zuni; we hold every single one of our facilities to the same standards of equity, and we strongly oppose forced labor, child labor, racism, discrimination, exploitation, or unfair standards of it's workers for any reason.

EMPOWERING:

At Zuni, we have made a conscious effort to empower women, who have statistically fought harder in many industries than their male counterparts. We continue to employ assertive programs to hire, train, and promote women in the workforce. We believe that this effort is necessary and valuable, and we also believe it's what would make Zuni herself proud.

COMPLIANT:
